'Market overview' and 'area by area performance' includes closed-sale for Redwood City & Redwood Shores single family residences only. Price per SF is one of many determining factors for the value of your property. The final value of your property will need to be adjusted based on location, lot size, lot description, house size, property condition, floor plan, amenities and market condition. Listings, total sales volume and transactions by Stanley Lo and Green Banker may include pending and non-MLS or private listing(s), and are not limited to San Francisco and San Mateo counties. Pending properties are not guaranteed to close. Special Offer: Based on a case by case listing. Staging and other special offer items may not be applicable to most commission rates below the special standard commission rate offered at 3.68%. Restrictions apply to free staging offer — staging fees beyond the first 3 months may apply but may be based on a negotiated case-by-case signed listing with Stanley Lo. Free inspections includes property and termite inspections only. If staging and/or inspections are not used, no credit will be issued. Free offers have zero cash value.
